UNDERSTANDING YOUR SCORE

0-4 no difficulty | *Yearly hearing checks recommended*

You are experiencing minimal or no difficulty hearing in all listening environments. We recommend you re-take the quiz or come in to Lions Hearing Clinic for a hearing screening in 12 months' time.

4-6 mild difficulty | *Hearing assessment recommended*

You may have mild difficulty hearing in more complex listening situations. We recommend you take control of your hearing now and book a hearing assessment. We can also give you a few simple strategies or a device/wearable to help you communicate more easily and enjoy social situations more.

6-20 moderate to severe difficulty | *Hearing assessment strongly recommended*

You are having problems hearing in a number of listening situations. You may feel tired or overwhelmed in some conversations, and might be withdrawing from larger social gatherings. It is time to get a comprehensive hearing assessment booked and begin your journey back to healthy hearing.
